About Us

MKSTE™ Inco. is determined as a solution provider to provide value for its products and seamless services to its clientele. We are one of the best third-party manufacturers and service providers of excellent quality Electrical & Electronics Instruments being used for power conditioning. We have market experience of 17 years and have earned our goodwill through our Quality Products and After Sales Service of Power Conditioning Equipment. The products that we offer are highly reliable and comply with ISO:9001-2015 certifications, NSIC Cert & CE Mark standards. We are committed to provide the best quality products to achieve customer satisfaction, because we strive to build-up a healthy and long-lasting relationships with our clients

We have custom manufacturing Generators, Transformers, Servo Stabilizers, Control Panels by copper wound on CRGO Lamination for high efficiency and low losses. Our Power Conditioning Equipment conforms to IS: 9815-94 provisions. We ensure you of our quality, competitive and reasonable rates coupled with reliable and effective performance of our products.

Reputed organizations such as All India, Doordarshan, NTPC, GAIL India Ltd. and several others have tested and approved our products for their use.

MKS Technologies Inco.
Authorized Channel Partner Up & UK
Sales and Service Maintenance

Vision

"Our Quality is our Business Plan"

We aim to bring more efficient and quality products to our home market, along with more professional and seamless service experience for the customers by localization and enhancement capacity in particular precision job, which will also add in cost benefits.

We also aim to develop spare parts production capacity, which in turn will help us to explore overseas markets.

We intend to render our diligence in service to enterprises like PSU's, Government organizations, Manufacturing & Production sector, Healthcare, Hospitality, and upcoming industries in various verticals to support India's Make In India mission and contribute our bit for the cause of "Swawlambi Bharat."

MKS Offerings

SERVICES

Maintenance Services, Consulting Services,
Electrical Consultancy & Services
Ø Designing, Planning, Analysis
Ø Supply, Installation, Test & Commissioning

TURNKEY SOLUTIONS

In Power, Security, Infrastructure

PRODUCTS

Elevators, Generators, Servo Stabilizers, Control Panels & Distribution, Panels, UPS, Pumps, Water Systems, Air Purifiers, Fire Alarms

Power Solutions

MKSTe is one stop solution for your all electric power conditioning needs to begin with we have Diesel & Gas Operated Silent Euro-IV CRDI Generators, ranging from 5KVA to 3500KVA

GENERATORS

250 KVA from 3100 KVA
World-Class Diesel Generators developing
6500Kva-22500Kva paralleled
Power Conditioning Equipment

SERVO VOLTAGE STABILIZERS

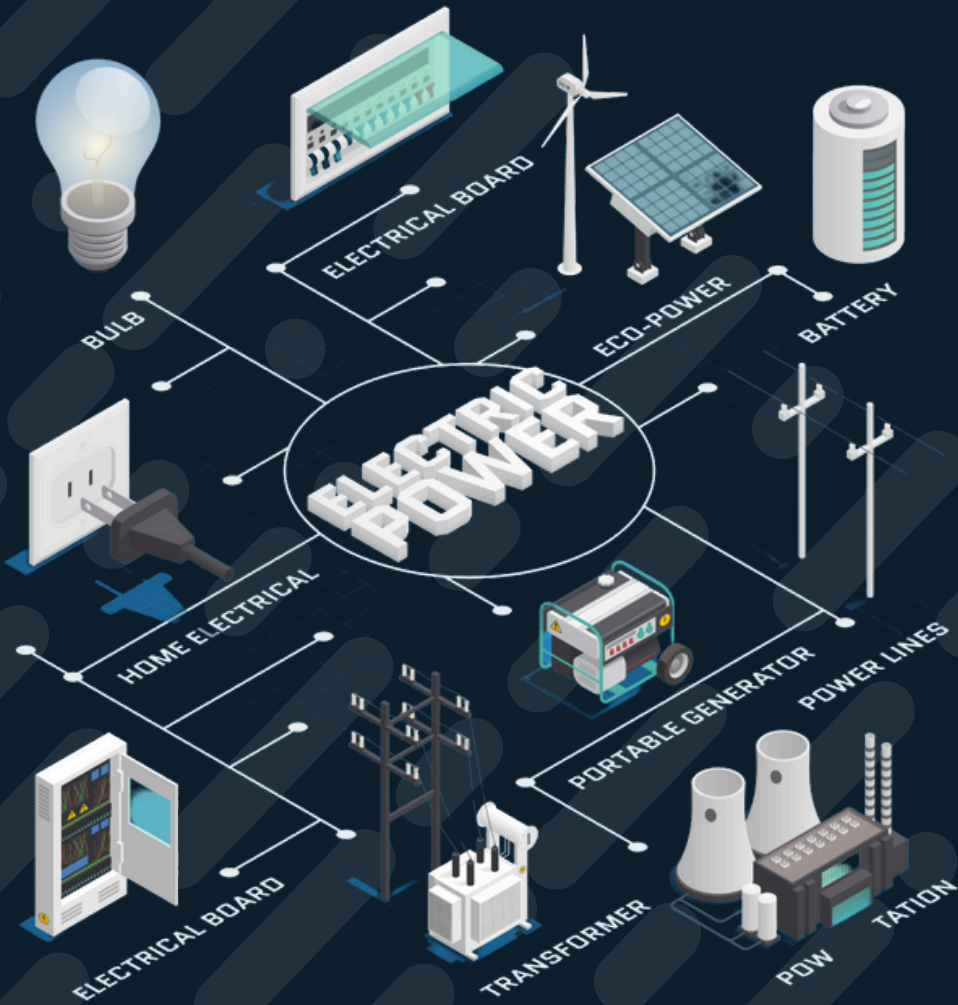

Manual/Automatic Stabilizers
Auto/Manual Voltage Stabilizer
Isolation & Ultra Transformer
Constant Voltage Transformer (CVT)

CONTROL PANELS & DISTRIBUTION, PANELS

Synchronizing Panels, VBC Panels
Auto Change-Over, HT/LT Panels, APFC Panels etc
electrical power controller customization

UPS ON/OFF-LINE

Critical & heavy application from 600VA to 9000
KVA (MW)
Inbuilt type control transformers

Other Solutions

INSTRUMENTATION & CALIBRATION

Thermal Imager, Insulation & Earth Tester, Current/Voltage Tester, Tan Delta Gas Analysers Detectors, Bench Meters, Data Loggers, Temperature-Humidity Monitoring, High Voltage Tester, Relay Tester, RF Tester, Optical Tester, Lab, Safety & NDT (Non-Destructive Test) etc.

AIR AND WATER QUALITY

We have Air Quality Analyser and Purification Solutions like Air-Purifier serving your entire building's Air Conditioning keeping Hazardous/Particulates HEPA Pollution at bay with Honeywell Air solution. From testing solutions to enhancing the quality of water, we do it all to ensure your well-being

PUMPS

From the house of Wilo SE, based in Dortmund, Germany, is a European manufacturer of pumps and pumping systems for the building technology, water and industrial sectors.

ELEVATOR SYSTEMS

Types Of Elevator

- **Capsule Elevator**
- **Passenger Gears Elevator**
- **Passenger Elevator**
- **Hydraulic Platform**
- **Cantilever Elevator System**
- **Home Elevator**

Elevator Door Type

- **Automatic Stainless-Steel Door**
- **Stee Automatic Stainless-Steel Glass Door**
- **Automatic S.S Telescopic Door**
- **Home Elevator Swing Door**
- **Automatic M. Powder coated Door**
- **Manual M.S Telescopic Door**

Optional Cabin Design & Shaft Size

- **Standard Steel Hairline Finish**
- **Standard Steel Hairline & Designer Finish**
- **Standard Steel paint Finish**

Specialized Security & Wireless Communication Solutions System & Periodic Maintenance Solutions.

Turnkey Projects for Designing & Planning, Supply,
Installation, Testing & Commissioning, After-Sales & Service,
Maintenance Contract AMC / CMC, Re-conditioning
Maintenance, & Up-Gradation Projects,

Other Products

- Infrared light curtain
- Over load sensor with audio visual indication
- Slot less door sills
- Car emergency light & fan
- Emergency alarm & push to talk
- Car fan automatic sleep
- Voice annunciator with music
- Microprocessor based v3f (variable voltage, variable frequency), vector controlled drive with encoder feedback closed system door operation.

**Partner with the most reliable
name in technology.**
